

## REVIEW ON ETHERS AND PHENOL COMPOUNDS

NAGHAM MAHMOOD ALJAMALI, RADHIYA.A. KHDUR & SAJIDA R HADI

Organic Chemistry, Chemistry Department, College of Education, Iraq

### ABSTRACT

In this review study, methods of compounds synthesis, reactions, properties, stability, reactivity, catalysis in various reactions in most of organic reactions, edition and elimination reaction, reduction and oxidation compounds, products of reactions have been studied in detail.

**KEYWORDS:** Tertiary, Butyl, Primary
