ABSTRACT

Library is considered an integral component of any efficient education system. It plays an important role in the improvement of the organization. The study evaluates in detail the type of material, sources and the services used by the students. It examines the extent of use of library resources in IIM, Rohtak. 110 library users were selected using the stratified random sampling technique. The findings revealed that 63.54% of the students sampled visited the library to read the newspapers while 42.70% students visited the library on daily basis. 32.39% students were not satisfied with the existing library resources.
